GET REFRESHED

REFRESH YOUR SMILE IN STYLE

INTRODUCING THE NEW WHITE DENTAL BEAUTY
PROFESSIONAL DISSOLVING
WHITENING
STRIPS P3

6% HYDROGEN PEROXIDE

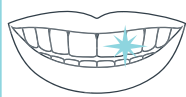

Peel from corner
and remove strip

Apply strip to
teeth

Strip dissolves
in 15 minutes

P3 ENHANCES THE WHITENING PROCESS

Through a unique combination of 3 phosphates which accelerate the whitening process meaning wear time is as little as 15 minutes*

*15 minutes per application, average time of strip solubility depending on moisture contact.

Developed to work quickly and effectively to deliver professional grade whitening in the convenience of a strip you can wear **anytime, anywhere.**
